

ORACLE

Oracle Corporation is an American multinational computer technology corporation headquartered in Austin, Texas. In 2020, Oracle was the third-largest software company in the world by revenue and market capitalization. The company sells database software and technology (particularly its own brands), cloud engineered systems, and enterprise software products, such as enterprise resource planning (ERP) software, human capital management (HCM) software, customer relationship management (CRM) software (also known as customer experience), enterprise performance management (EPM) software, and supply chain management (SCM) software.

MOODY'S

Moody's Corporation, often referred to as Moody's, is an American business and financial services company. It is the holding company for Moody's Investors Service (MIS), an American credit rating agency, and Moody's Analytics (MA), an American provider of financial analysis software and services. Moody's was founded by John Moody in 1909 to produce manuals of statistics related to stocks and bonds.

and bond ratings. Moody's was acquired by Dun & Bradstreet in 1962. In 2000, Dun & Bradstreet spun off Moody's Corporation as a separate company that was listed on the NYSE under MCO. In 2007, Moody's Corporation was split into two operating divisions, Moody's Investors Service, the rating agency, and Moody's Analytics, with all of its other products. It was included in the Fortune 500 list for the first time in 2021.

APPLE

Apple Inc. is an American multinational technology company headquartered in Cupertino, California, United States. Apple is the largest technology company by revenue (totaling US\$365.8 billion in 2021) and, as of June 2022, is the world's biggest company by market capitalization, the fourth-largest personal computer vendor by unit sales and second-largest mobile phone manufacturer. It is one of the Big Five American information technology companies, alongside Alphabet (Google), Amazon, Meta (Facebook), and Microsoft. Apple was founded as Apple Computer Company on April 1, 1976, by Steve Wozniak, Steve Jobs and Ronald Wayne to develop and sell Wozniak's Apple I personal computer. It was incorporated by Jobs and Wozniak as Apple Computer, Inc. in 1977 and the company's next computer, the Apple II, became a best seller and one of the first mass-produced microcomputers. Apple went public in 1980 to instant financial success. The company developed computers featuring innovative graphical user interfaces, including the 1984 original Macintosh, announced that year in a critically acclaimed advertisement. By 1985, the high cost of its products and power struggles between executives caused problems. Wozniak stepped back from Apple amicably and pursued other ventures, while Jobs resigned bitterly and founded NeXT, taking some Apple employees with him

Ui Path

UiPath is a global software company that makes robotic process automation (RPA) software. It was founded in Bucharest, Romania, by Daniel Dines and Marius Tîrcă. Its headquarters are in New York City. The company's software monitors user activity to automate repetitive front and back office tasks, including those performed using other business software such as customer relationship management or enterprise resource planning (ERP) software. In December 2020, the company filed confidentially for an initial public offering, and became public on April 21, 2021

GITHUB

GitHub, Inc. (/'gɪθəb/[a]) is an Internet hosting service for software development and version control using Git. It provides the distributed version control of Git plus access control, bug tracking, software feature requests, task management, continuous integration, and wikis for every project.

Headquartered in California, it has been a subsidiary of Microsoft since 2018. It is commonly used to host open source software development projects. As of January 2023, GitHub reported having over 150 million developers and more than 372 million repositories, including at least 28 million public repositories. It is the largest source code host as of November 2021.

ZOHO

Zoho Corporation is an Indian multinational technology company that makes computer software and web-based business tools. It is best known for the online office suite offering Zoho Office Suite. The company was founded in 1996 by Sridhar Vembu and Tony Thomas and has a presence in seven locations with global headquarters in Chennai, Tamil Nadu, India, and corporate headquarters outside of Austin in Del Valle, Texas. Radha Vembu, Sridhar Vembu's sister, owns a majority stake in the company.

Standard Chartered

Standard Chartered plc is a British multinational bank with operations in consumer, corporate and institutional banking, and treasury services. Despite being headquartered in the United Kingdom, it does not conduct retail banking in the UK, and around 90% of its profits come from Asia, Africa, and the Middle East. Standard Chartered has a primary listing on the London Stock Exchange and is a constituent of the FTSE 100 Index. It has secondary listings on the Hong Kong Stock Exchange, the National Stock Exchange of India, and OTC Markets Group Pink. Its largest shareholder is the Government of Singapore-owned Temasek Holdings. The Financial Stability Board considers it a systemically important bank.

Uber

Uber Technologies, Inc. (Uber), based in San Francisco, provides mobility as a service/ride-hailing (48% of revenues), food delivery/package delivery/couriers via Uber Eats and Postmates (34% of revenues), and freight transport (18% of revenues). Uber sets fares, which vary using a dynamic pricing model based on local supply and demand at the time of the booking and are quoted to the customer in advance, and receives a commission from each booking. It has operations in approximately 72 countries and 10,500 cities^[2] and, with 131 million monthly active users worldwide, it generates an average of 23 million trips per day.
